To whomsoever it may concern

It's my absolute pleasure to recommend Anurag Pandey from Panipat Institute of Engineering and Technology, Panipat .

Anurag and I worked together at NOW, where I was his manager and supervisor from June 2019-July 2019 during his live Internship project.

He designed and developed the Corporate Website for our company.

Throughout his internship he has worked on Html, Css, Bootstrap, JQuery, JavaScript Zeplin, Adobe Photoshop and many more.

I thoroughly enjoyed my time working with Anurag, and came to know him as a truly valuable asset to any team.

He is honest, hard-working and diligent. Beyond that, he is an impressive problem solver who is always able to address complex issues with strategy and confidence.

Over the time of 2 months we together worked on his weakness to make him a strong candidate for any purpose, with those projects he also gave great inputs in day to day problem solving and situations making the flow easier of the team

He is a true team player, and always manages to foster positive discussions and bring the best out of it.

Without any doubt, I confidently recommend Anurag as a dedicated and knowledgeable employee and an all-around great person.

I believe he will be a great asset to your team will prove to be a great investment in your organization.

Please feel free to contact me at +918700850474 should you like to discuss Anurag's qualification and experience further. I'd be happy to expand on my recommendations.
