The Department of Artificial Intelligence And Machine Learning organized one day workshop on **"AI Masterclass: Practical Tools and Applications"** on 11 April 2022.**The objective of this workshop was to provide participants with a comprehensive understanding of practical AI tools and their applications**. The workshop started at 10 am at the Seminar Hall (E-Block Third Floor) after welcoming the speaker – **Mr. Ankit by the coordinator Ms. Mamta (Assistant Professor, CSE-AIML department).** Then **(Prof.) Dr. Devendra Prasad (HOD-AIML)** addressed the speaker. The masterclass aimed to equip attendees with hands-on experience and knowledge about the latest AI technologies, fostering their ability to implement AI solutions in real-world scenarios. The event sought to enhance the participants' technical skills and prepare them for advanced AI-related tasks in their respective fields. The workshop provided students with a solid foundation in the latest AI technologies and their real-world applications. Through hands-on sessions and expert guidance, students gained familiarity with popular AI tools and platforms used in the industry. They learned how to apply AI algorithms and models to solve real-world problems, developed skills in data collection, cleaning, and preprocessing essential for AI projects, and acquired knowledge on training, testing, and evaluating AI models to ensure accuracy and effectiveness. The workshop was wind up with a vote of thanks by Ms. Mamta. **Additionally**, **the key skill taken from one- day workshop is enhancement of the problem-solving skills and students gained insights into the future trends and advancements in the field of AI. The masterclass successfully equipped students with the necessary skills and knowledge to implement AI solutions, preparing them for advanced studies and careers in AI.**
