Mode	Offline
Resource Persons	Association with Cygnus Maharaja Aggarsain Hospital Contact No.: 0180-4015877
Coordinator	Ms. Garima Mittal, Assistant Professor Ms. Palika Sehgal , Assistant Professor

Department of Pharmacy, Panipat Institute of Engineering and Technology organized the one day workshop on dated on “**Workshop on Cardio-Pulmonary Resuscitation (CPR) and Electrocardiography (ECG)**” on 12th –May- 2023 at 10:30 AM in association with the Cynus Maharaja Aggarsain Hospital at Department of Pharmacy, A-Block, PIET.

Cardiopulmonary resuscitation (CPR) is a lifesaving technique that can be performed by anyone who has received proper training to restore blood flow and oxygen to the brain and other vital organs of a person who has suffered a cardiac arrest. Immediate CPR can significantly improve the chances of survival after suffering from cardiac arrest.

Students, Faculty members, Non-teaching and Helping Staff along with a panel of Doctors and Nurses demonstrated how CPR is done and the students and faculty members performed it on the mannequin. In the Medical Facility of the Department of Pharmacy, Blood Pressure and Random Blood Sugar monitoring was done along with the Electrocardiography. The

panel of Doctors provides counseling to the visiting patients and volunteers and also prescribed medications, if required.

CPR is very important procedure to revive the sinking patient with cardio-pulmonary arrest. Everyone should take voluntary training to save lives. ECG is a simple, non- invasive test that records the electronically activity of the heart, diagnose certain heart conditions, heart disease. Doctors guided students and other member's recommend an EGC if any one face symptoms like Chest pain, breathlessness, or heart racing and told importance of ECG monitoring in heart conditions like medicines or implantable cardiac devices are working.

The workshop was concluded with the esteemed presence of Sh. Hariom Tayal, Chairman PIET, Sh. Shubham Tayal, BOG Member, PIET.
