REPORT

TOPIC FOR SESSION – INTONATION IN FOCUS: SHAPING MEANING THROUGH TONE

SPEAKER: Mr. Munender Sharma, Chandigarh University, 9050606395

DATE: 20th November 2023

NO. OF STUDENTS ATTENDED: 94

Venue: Seminar Hall, 3rd Floor, APJ Block

Name of Coordinator:

1. Ms Jyoti, A.P, CSE-AI&DS
2. Ms. Jayanti, A.P, CSE-AIML
3. Ms. Neha, A.P, Cyber Security

On Nov 20th, 2024, Department of Artificial Intelligence and Data Science (AIDS) proudly hosted a transformative session, “ **Intonation in Focus: Shaping Meaning Through Tone,** ” explicitly designed for B.Tech students. This session aimed to deepen students understanding of how intonation influences communication and enhance their skills in delivering a impactful and clear messages. The event drew a diverse group of students eager to learn how to better express themselves through the effective use of tone in various communication.

Mr. Sharma began his speech by expressing his sincere gratitude to the students for their enthusiastic participation and the organizing team for such an enriching session. He underscored the significance of effective communication within the engineering field, highlighting that mastering intonation can significantly improve the clarity and persuasive power of one’s spoken words.

Following the opening remarks, the session delved into the fundamentals of intonation. The first segment of the session was dedicated to exploring intonation and why it is vital in effective communication. He led the interactive part of the session. His expertise and engaging presentation style captivated the audience as she demonstrated various intonation patterns and their impact on communication. His practical insights allowed students to see firsthand how mastering intonation can enhance their effectiveness in various communication contexts.

One of the most impactful segments of the session was the hands-on practice. Students participated in exercises designed to help them apply the intonation techniques they had learned. These activities included practicing tone variations in public speaking, interviews, and group discussions. The interactive nature of these exercises enabled students to experiment with different intonation patterns and observe their effects in real time.

Mr. Sharma returned to deliver a heartfelt thanks speech. Dr. B.K.Verma appreciated his insightful contribution to the session and the student's active engagement throughout the session. He emphasized the importance of continuous learning and encouraged students to practice the intonation techniques they had learned. His closing remarks underscored the value of the skills acquired during the workshop.
