Ref. No. P.I.E.T./CSE/SS/2023/1

Date: 5th September 2023

NOTICE

MASTERING THE ART OF PRESENTATION: A WORKSHOP FOR FUTURE ENGINEERS

This is the information for the concerned that the Department of **Computer Science and Engineering** is organizing a session on “**MASTERING THE ART OF PRESENTATION: A WORKSHOP FOR FUTURE ENGINEERS**” on 8th September 2023. This workshop is to be conducted especially for the students of 3rd and 4th year students of CSE Dept. The workshop aimed to provide participants with essential presentation skills crucial for academic success and professional growth. The interested students can contact their departmental coordinator Mr. Vikas Sethi, AP (CSE).

REPORT

TOPIC OF THE WORKSHOP – MASTERING THE ART OF PRESENTATION: A WORKSHOP FOR FUTURE ENGINEERS

SPEAKER – Dr. Suman, 9650958216

DATE- 8th September 2023

NO. OF STUDENTS ATTENDED – 122

Venue: Seminar Hall, 3rd Floor, APJ Block

Coordinator: Mr. Vikas Sethi

Dr. S.C. Gupta, our Head of the CSE Department, commenced the workshop with a warm and heartfelt welcome. He made everyone feel at ease, extending his greetings to all the students, faculty members, and our esteemed guest speaker, Dr. Suman. His thoughtful introduction set a positive tone for the day, making it clear that we were all in for an engaging and enriching experience together.

The workshop titled "**Mastering the Art of Presentation: A Workshop for Future Engineers**" was organized by the Department of Computer Science and Engineering for B.Tech students. It was held on Date 8th September 2023 with the aim of equipping students with essential presentation skills that are crucial for their academic and professional development. The primary objectives of the workshop were to enhance students' ability to communicate effectively through presentations, teach them how to structure and deliver compelling presentations, help them overcome stage fright and build confidence in public speaking, provide practical tips and techniques for using visual aids effectively, and engage them in interactive sessions to practice and refine their presentation skills.

The workshop began with an introduction on the importance of presentation skills in engineering careers. Participants learned about the key components of a successful presentation, including content organization, delivery techniques, and audience engagement strategies. The sessions were interactive, combining theoretical knowledge with practical exercises.

Firstly, participants were introduced to the fundamentals of effective presentations, including an overview of effective communication principles, the importance of knowing their audience, setting objectives, and tips for structuring presentations to maintain clarity and engagement.

Also focused on enhancing delivery techniques, where students learned how to manage nerves, project confidence, use voice modulation and body language effectively. They also participated in practice sessions with peer feedback to improve their delivery skills.

Participants learned how to utilize visual aids effectively, including guidelines for creating impactful slides, examples of effective and ineffective use of visuals, and hands-on activities to design and present slides that enhance rather than distract from the message.

The workshop successfully achieved its teaching outcomes by equipping students with practical skills to plan, structure, and deliver effective presentations, building their confidence to speak in front of audience and handle Q&A sessions professionally, enhancing their ability

to use visual aids to support and reinforce their presentations, and providing a supportive environment for them to practice and receive constructive feedback on their presentation skills.

Dr. S.C. Gupta, the Head of the Department, concluded the event by thanking all participants for their active involvement and expressing heartfelt gratitude to Dr. Suman for her significant contribution to the workshop.
