

Talent Hunt

The Department of Applied Sciences and Humanities organized a talent hunt competition for B.Tech 1st-year students on December 23, 2023. The event was aimed at providing a platform for the students to showcase their talent in various categories, including dancing, singing, and poetry.

The competition witnessed an overwhelming response from the students. The participants displayed great enthusiasm and passion for their art, which made the competition a grand success. Stars showcased a diverse range of dance styles, including classical, contemporary, hip-hop, and Bollywood. The judges were impressed with the participants' energy, creativity, and synchronization with the music.

Singers exhibited their vocal range, control, and emotion in their performances. The judges appreciated the participants' song selection.

Poets presented their original poems on various themes. The participants demonstrated their flair for language, literary devices, and creativity in their

performances. The judges praised the participants' delivery, depth, and impact of their poems.

Overall, the talent hunt competition organized by the ASH department was a huge success. The event provided a platform for the B.Tech 1st-year students to showcase their artistic talent, and it was a great opportunity for them to learn from each other and hone their skills. The event was well-organized, and the judges were impressed with the quality of performances. We hope to organize more such events in the future to promote and encourage the artistic talents of our students.
