

PANIPAT INSTITUTE OF ENGINEERING AND TECHNOLOGY, PANIPAT DEPARTMENT OF PHARMACY

Course: Bachelor in Pharmacy

LESSON PLAN

Faculty Name: Dr. Shiva Tushir Subject Name: Cosmetic science

Class: B. Pharmacy – 8th Semester Subject Code: BP809ET

Scope of the Subject: The main purpose of subject is to impart the student's knowledge and enables the student to understand about cosmeceutical products and appreciate the influence of pharmaceutical additives on quality of products. Utilization of various herbs for their properties as cosmetics and benefits of cosmeceutical products.

Objectives: Upon completion of the course the student shall be able to:

- ➤ Know the various types of cosmeceutical products related to skin, hair and oral cavity
- To know about role of herbs in cosmetics.
- > Principles of Cosmetic Evaluation and Evolution of various cosmeceutical like shampoo, skin cream

> and toothpaste.

Number of Lectures: 45 Each lecture: 01 hour

UNIT-I : Introduction to Cosmeceutical: 1.	Lecture No.	Particular	Remark/
1. Introduction to Cosmetic 2. History of Cosmeceutical products 3. Definition of cosmetics as per Indian and EU regulations 4. cosmetics as quasi and OTC drugs 5. Basic structure and function of skin 6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Para-phylene diamine based hair dye			Date
2. History of Cosmeceutical products 3. Definition of cosmetics as per Indian and EU regulations 4. cosmetics as quasi and OTC drugs 5. Basic structure and function of skin 6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Para-phylene diamine based hair dye	UNIT-I: Intr	oduction to Cosmeceutical:	<u>'</u>
3. Definition of cosmetics as per Indian and EU regulations 4. cosmetics as quasi and OTC drugs 5. Basic structure and function of skin 6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of Hair conditioner 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Para-phylene diamine based hair dye	1.	Introduction to Cosmetic	
4. cosmetics as quasi and OTC drugs 5. Basic structure and function of skin 6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	2.	History of Cosmeceutical products	
5. Basic structure and function of skin 6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	3.	Definition of cosmetics as per Indian and EU regulations	
6. Basic structure of hair 7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	4.	cosmetics as quasi and OTC drugs	
7. Study of Hair growth cycle 8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	5.	Basic structure and function of skin	
8. Common problem associated with teeth and gums 9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	6.	Basic structure of hair	
9. Study of Cosmetic Surfactants and Rheology modifiers, 10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	7.	Study of Hair growth cycle	
10. Study of Cosmetic Humectants, Emollients and Preservatives UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	8.	Common problem associated with teeth and gums	
UNIT-II: Principles of formulation and building blocks of skin care products: 11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	9.	Study of Cosmetic Surfactants and Rheology modifiers,	
11. Principles of formulation of Moisturizing creams 12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	10.	Study of Cosmetic Humectants, Emollients and Preservatives	
12. Principles of formulation of Cold Cream and Vanishing cream 13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	UNIT-I	I : Principles of formulation and building blocks of skin care pro	ducts:
13. Principles of formulation of Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	11.	Principles of formulation of Moisturizing creams	
Antiperspants & deodorants 14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	12.	Principles of formulation of Cold Cream and Vanishing cream	
14. Principles of formulation of anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	13.		
anti dandruff shampoo 15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye			
15. Principles of formulation of Hair conditioner 16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye	14.	-	
16. Detailed study of Principles of formulation of Hair oils. 17. Chemistry and formulation of Para-phylene diamine based hair dye		-	
17. Chemistry and formulation of Para-phylene diamine based hair dye	15.	Principles of formulation of Hair conditioner	
	16.	Detailed study of Principles of formulation of Hair oils.	
18. Principles of formulation and building blocks of oral care products	17.	Chemistry and formulation of Para-phylene diamine based hair dye	
	18.	Principles of formulation and building blocks of oral care products	

19.	Toothpaste for bleeding gums, sensitive teeth and Teeth whitening	
20.	Principles of formulation of Mouthwash	
UNIT-III: Role of herbs in cosmetics:		
21.	Role of Aloe and turmeric in Skin Care	
22.	Role of Henna and amla in Hair care	
23.	Role of Neem and clove in Oral care	
24.	BIS specification and analytical methods for shampoo	
25.	BIS specification and analytical methods for skin-cream	
26.	BIS specification and analytical methods for toothpaste	
27.	Classification of Sunscreens and SPF	
UNIT-IV: Principles of Cosmetic Evaluation:		
28.	Introduction to Cosmetic Evaluation	
29.	Principles of sebumeter	
30.	Principles of corneometer	
31.	Principles of Measurementof TEWL	
32.	Principles of Measurementof Skin Color	
33.	Principles of Measurementof Hair tensile strength	
34.	Principles of Measurementof Hair combing properties	
35.	Introduction to different types of Soaps	
36.	Evolution and skin benefits of Soaps	
37.	Evolution and skin benefits of syndet bars	
UNIT-V: Cosmetic problems:		
38.	Cosmetic problems associated with Hair and scalp: Dandruff causes	
39.	Cosmetic problems associated with Hair and scalp: Hair fall causes	
40.	Cosmetic problems associated with skin: blemishes	
41.	Cosmetic problems associated with skin: wrinkles	
42.	Cosmetic problems associated with skin: acne	
43.	Cosmetic problems associated with skin: prickly heat andbody odor	
44.	Oily and dry skin and causes leading to dry skin	
45.	Basic understanding of dermatitis and causes leading to dermatitis
