4	Mr. Atul Gautam	Assistant Professor (DBS)	P.I.E.T. Samalkha

Note: Add or remove rows as per requirement

7. **Write up of the event:**

The Startup Cell in Panipat Institute of Engineering & Technology, Samalkha celebrated the Startup Day on 23rd January 2024. In this event 64 students of around 16 schools participated who presented their business plan. National Startup Day marks another year of the Government of India's flagship initiative Startup India, to promote start-up culture in India and build a strong and inclusive ecosystem for innovation and entrepreneurship in the country. With India emerging as the third largest startup ecosystem in the world, Indian startups have experienced phenomenal growth in recent years. The government, too, has been supporting entrepreneurship through various initiatives including Startup India. Indian companies raised an astounding \$42 billion in investment in 2022 - compared with the \$16 billion they raised the year before. These businesses have been crucial in helping India move up the Global Innovation Index, from No. 81 to 40. The aim of National Startup Day is to champion entrepreneurs, cultivate a robust startup ecosystem, and pivot India into a nation of job creators rather than job seekers. The week-long celebration promises to be a meeting ground for innovators, venture capitalists, entrepreneurs and startup enthusiasts. Simultaneously, a series of events are being organised across the country to celebrate innovations by Indian entrepreneurs. The purpose of the day is to celebrate the accomplishments of Indian startups and to foster an entrepreneurial spirit. Another aim is to give budding entrepreneurs a forum to talk about innovation for India's youth and their role in the country's economy. The motive behind encouraging the idea of entrepreneurship is to give a boost to schemes like Make in India.
