### Objectives:

- 1.To introduce children to the concept of entrepreneurship and its significance in the modern world.
- 2.To cultivate an entrepreneurial mindset among children, encouraging them to think critically, take initiative, and innovate.
- 3.To provide practical knowledge and skills required for starting and managing a business.
- 4.To inspire children to identify and pursue entrepreneurial opportunities in various fields.

The session focused on raising awareness about child education within the context of entrepreneurship. Participants delved into discussions regarding the importance of instilling entrepreneurial skills in children from a young age. Through informative presentations and interactive activities, attendees gained insights into how early exposure to entrepreneurial concepts can positively impact a child's educational journey and future career prospects. The session aimed to equip educators and parents with valuable knowledge and strategies to nurture entrepreneurial mindsets in children, fostering innovation, creativity, and critical thinking skills from an early age.
