Objectives:

1. To promote gender equality and women's empowerment through education and entrepreneurship.
2. To provide women with the necessary knowledge and skills to start and manage their own businesses.
3. To raise awareness about the importance of women's participation in entrepreneurship and its positive impact on economic development.
4. To create a supportive ecosystem that encourages and facilitates women's entrepreneurship through mentorship, networking, and access to resources.

The program included skill development training sessions focused on enhancing women's entrepreneurial competencies, including problem-solving, decision-making, communication, and negotiation skills. These sessions aimed to build confidence and empower women to pursue their entrepreneurial goals.

Dr. Shakti Arora's Women Education Awareness Program on Entrepreneurship in 2024 was a significant step towards promoting gender equality and women's empowerment through education and entrepreneurship. By providing women with the knowledge, skills, and support

needed to succeed in business, the program helped unlock their potential and create opportunities for economic and social advancement. Moving forward, continued efforts and investment in women's education and entrepreneurship are essential for building inclusive and sustainable societies.
